AIR UNIVERSITY
Department of Cyber Security — Digital Forensics Laboratory | Course CY334

EVIDENCE CHAIN OF CUSTODY RECORD

Digital Forensic Examination — Labs 1 through 5

FORM NO.	CASE NUMBER	PAGE STATUS
COC-CY334-001	**CHFI_Module2_Lab1to5_Case001**	**ACTIVE — LAB 5 COMPLETE**

SECTION A — CASE & INVESTIGATOR INFORMATION

CASE NUMBER CHFI_Module2_Lab1to5_Case001	CASE NAME USB Recovery & Forensic Evidence Analysis
INVESTIGATION TYPE Digital Forensics — Academic Laboratory Exercise	REPORTING INSTITUTION Air University, CY334 Digital Forensics
LEAD INVESTIGATOR Abdul Wahid	INVESTIGATOR ID / ROLL NO. 243699
DATE CASE OPENED 12 September 2026	DATE OF THIS RECORD 13 September 2026

This record documents the seizure, recovery, analysis, and export of digital evidence associated with the above case, in accordance with standard digital-forensic evidence-handling procedure (Labs 1–5).

SECTION B — EVIDENCE DESCRIPTION LOG

Item No.	Evidence ID	Description	Source / Derived From	Date/Time Created	Condition
1	EV-001-ORIG	USB flash drive, 32GB, Samsung — original physical evidence	Seized from subject / source	12 Sep 2026, 08:00	Intact
2	EV-002-RECOVERED	Recovered digital files extracted from EV-001 (EaseUS Data Recovery Wizard)	EV-001-ORIG	12 Sep 2026, 10:00	Verified (hashed)
3	EV-003-WORKSPACE	Working analysis copy — images, PDFs, archives, registry/event-log exports	EV-002-RECOVERED	12 Sep 2026	Read-only
4	EV-004-SOURCE	Evidence source copy prepared for FTK Imager procedures	EV-003-WORKSPACE	12 Sep 2026	Baseline hashed
5	EV-005-EXPORTED	Exported evidence files (images, suspicious PDFs, archives) via FTK Imager	EV-004-SOURCE	[export date]	Verified

Full technical description, hash values, and forensic tool versions for each item are maintained in the associated laboratory worksheets (Labs 1–5) and are incorporated herein by reference.

SECTION C — CHAIN OF CUSTODY — TRANSFER RECORD

Every change of possession, location, or custodial responsibility for an evidence item must be recorded below with both a releasing and a receiving signature. An unexplained gap in this log constitutes a break in chain of custody.

Item	Date/Time	Released By / From	Received By / To	Purpose of Transfer
EV-001	12 Sep, 08:00	Field / source location	Evidence lockbox	Initial seizure of USB drive
EV-002	12 Sep, 10:00	Evidence lockbox	Recovery workstation	Data recovery (EaseUS)
EV-002	12 Sep, 14:00	Recovery workstation	Evidence storage (read-only)	Hash verification
EV-003	13 Sep, 09:00	Evidence storage	Lab 4 analysis workstation	Forensic analysis (Autopsy, HxD, exiftool)
EV-003	13 Sep, 10:00	Analysis workstation	Evidence storage (read-only)	Return after analysis
EV-004	13 Sep, 11:00	EV-003 workspace	Lab 5 evidence source folder	Lab 5 preparation
EV-004	13 Sep, 12:00	Lab 5 source folder	Lab 5 source folder	Baseline hashing performed
EV-004	13 Sep, 13:00	Lab 5 source folder	FTK Imager (logical evidence)	Added to FTK Imager for review
EV-005	13 Sep, 15:00	FTK Imager	Exported evidence folder	Logical file export
EV-005	13 Sep, 16:00	Exported evidence folder	Hashes & logs folder	Export hash list generated

Rel. = Released by (transferring custodian). Rec. = Received by (accepting custodian). Where the same individual performs both roles, this reflects continuous sole-custodian handling within a controlled academic lab environment and is documented as such.

SECTION D — EVIDENCE STORAGE & ACCESS CONTROL LOG

Item	Storage Location	Access Control	Integrity Control	Modified?
EV-001	Secure evidence storage (locked cabinet) — [location to be specified]	Restricted; password-protected system access	Physical seal / write-blocked	No
EV-002	C:\Users\[Name]\Desktop\Recovered_E\	Read-only folder permissions	MD5/SHA-256 verified, Lab 2	No
EV-003	C:\Users\[Name]\Desktop\Lab-4\Analysis-Workspace\	Read-only during analysis	Source-verified copy	No
EV-004	Lab-5\01_Evidence_Source\	Read-only mode enforced	Baseline hash documented	No
EV-005	Lab-5\02_Exported_Evidence\	Read-only permissions	Export hash list generated	No

SECTION E — EVIDENCE INTEGRITY VERIFICATION (HASH LOG)

Item	Algorithm	Value	Verified By	Date
EV-004	MD5	*16ff51c168405e575d32bae001f280e4*	Abdul Wahid	13 Sep 2026
EV-004	SHA-256	*35ad70c79809bb02608c74d1072976b41507869c9a2a3ad7ac39cb464cfca5d9*	Abdul Wahid	13 Sep 2026
EV-005	Hash list	Exported_Files_HashList.csv (Lab-5\03_Hashes_and_Logs\)	Abdul Wahid	13 Sep 2026

SECTION F — FINAL DISPOSITION OF EVIDENCE

☒ **Retained** in evidence storage pending further examination (Lab 6 — Disk Imaging)

☐ **Returned** to owner / custodian

☐ **Transferred** to external agency or court

☐ **Destroyed** / securely wiped

DISPOSITION AUTHORIZED BY	DATE
Abdul Wahid	13 September 2026
REASON	**NEXT SCHEDULED ACTION**
Investigation ongoing — proceeding to Lab 6 (E01 forensic imaging)	Lab 6 disk imaging & updated Chain of Custody
